

# COLLECTION COTTAGE

## Gazebo B121230-S55-295

### ENJOY THE OUTDOOR'S LIFESTYLE

Add shade and style to your outdoor oasis, a must-have for creating memorable moments and making the fun last as the weather changes.

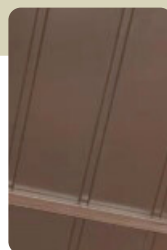

#### Imposing structure

This pavilion stands out for its imposing frame of 6" E-Coated steel posts and its double 8-sided roof with 4 Galvalume gables. A weather vane can be installed (included).

#### Galvalume roof

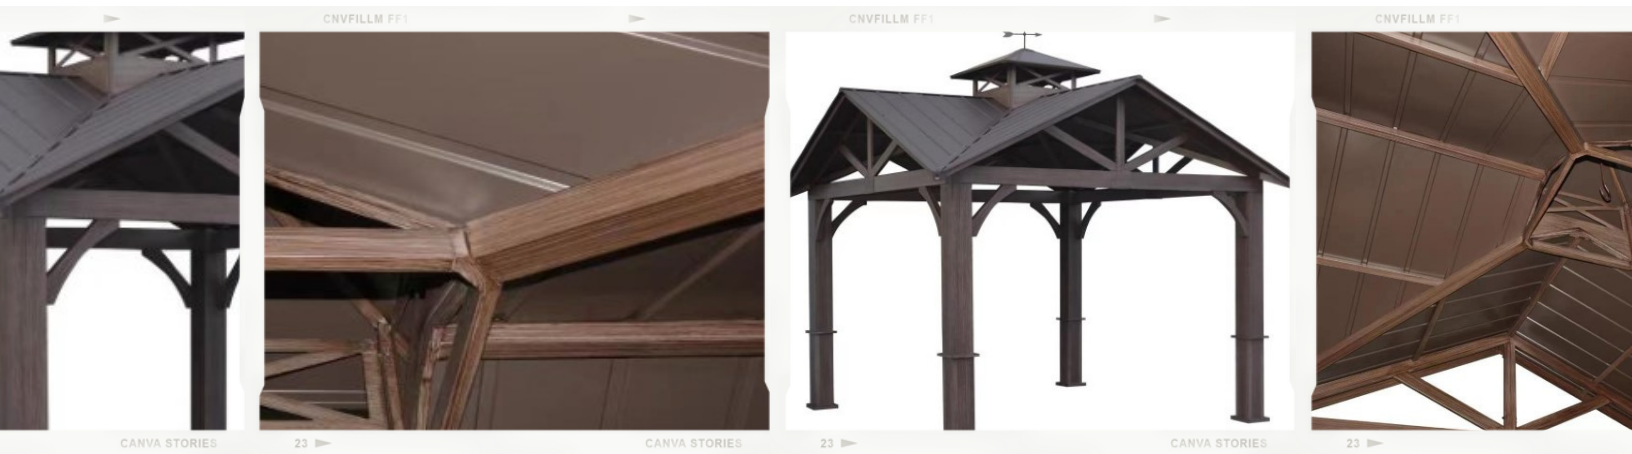

The perfect alloy for strength and corrosion resistance, Galvalume (0.4 mm thickness) is composed of aluminum and steel, among other materials, to take advantage of the best properties.

#### Well thought-out design

Special features have been integrated, such as a double rail for the addition of accessories to the included Textilene mosquito net (500Dx500x) as well as the addition of decorative anchor covers.
