Gazebo B121444-F69-295

ENJOY THE OUTDOOR'S LIFESTYLE !

Enhance your moments of relaxation with the ultimate contemporary-style "pool house" gazebo.

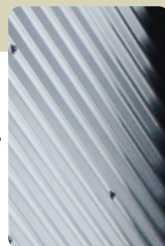

Aluminum and e-coated frame

Built to withstand the test of time, it combines a rustproof aluminum frame, including solid 5" (12.7 cm) posts, a 6" (15 cm) ogee, and treated steel roof supports, ensuring remarkable longevity.

Galvalume rooftop

For superior strength and corrosion protection, Galvalume (0.4 mm), a blend of aluminum and steel, among other materials, leverages the best properties of each material.

Comfort

Designed for optimal ventilation and uncompromised natural light, thanks to the ultra-resistant Textilene 500Dx500D mosquito net, enhanced with plexiglass inserts for clarity and height that breathe fresh air.
